Commissioner for Patents
 Washington, D.C. 20231

PRELIMINARY AMENDMENT

Preliminarily, kindly amend the claims as follows:

Cancel claims ~~1-3~~ without prejudice and insert the following new claims:

~~5~~: A method of generating a table for aiding conversion of voiced utterances to control commands for use in controlling an operating system of a computer to achieve desired actions in an application program running under the operating system, said application program including menus and control buttons, said method comprising

automatically by computer parsing an application program to identify menu entries and control buttons, and

automatically by computer placing a table entry in said table for each menu entry and control button found in the application program, each table entry placed in said table containing one of said control commands corresponding to said menu entry or control button.
